

City of Monroe

Historic Resources Survey

In 2021, the City of Monroe, Walton County, and Williamson Landscape Architecture (WLA Studio), entered a Contract for Professional Services, wherein the City of Monroe is the Client and WLA Studio is acting as the Consultant. As established in the Contract, WLA Studio was hired to conduct the four phases of the Historic Resources Survey for the City of Monroe. The City of Monroe sponsored this survey using grant funding provided by the Georgia Department of Community Affairs, Historic Preservation Division (HPD). The fourth and final phase of the survey was completed at the beginning of 2026 to create a completed survey report.

About the Consultant:

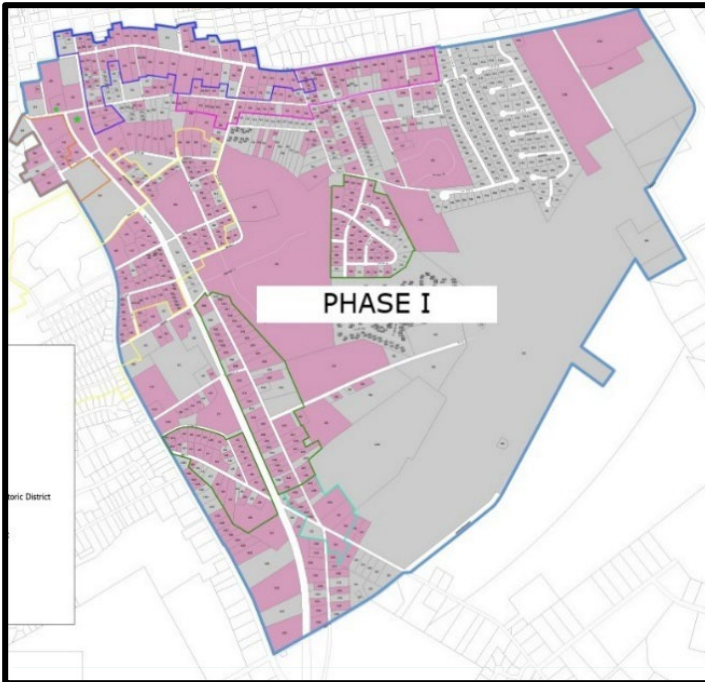

WLA

Our dedicated team provides our clients with exceptional service across all sectors. Established in 1984, our firm provides design, preservation, and planning services to a range of clients. We specialize in sites with cultural, historic and or ecological significance.

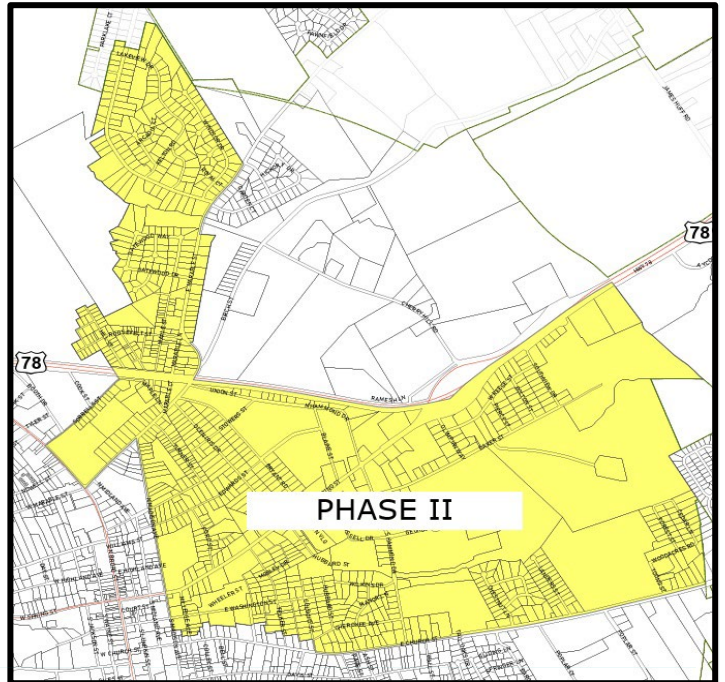

WLA Studio's founding mission to promote the preservation, conservation, and enhancement of our cultural and natural environments by advancing creative planning and design solutions that draw upon the inherent characteristics of place and increase understanding and awareness.
