

North Wayne St. Parking Lot Improvement Questions:

- To ensure we submit a complete and compliant bid, could you confirm the minimum required documentation checklist for the submittal? Specifically, do you require a general contracting license, a bid bond, payment bond, and performance bond?

We do not require a bid, performance, or payment bond. As far as a general contractor license, you just need the appropriate license to perform the specified work per requirements.

- There is no bid bond listed, do we need to submit one?

No

- Do you allow partial bids? If not, do you have a list of approved contractors so I can submit my partial bid to them?

No partial bids as we need this to be a turnkey project. We do not have an approved list.
