Company of Purchase:

Recommendation:

Staff recommends the APPROVAL of declaring all Scientific Atlanta System II outside plant Amplifiers, Line Extenders and Housings as surplus property.

Background:

During our last Upgrade to the outside plant Cisco/SA GainMaker Equipment replaced all Scientific Atlanta System II equipment. The System II was still used in small areas of the system until recently. At this time, all System II gear is obsolete and would be sold via govdeals.com after Council declares all components as surplus property.
