Subject: FW: Register Now to Attend the ENERGY worldnet, Inc. Annual Conference

Bradley,

Attached is the general information regarding the ENERGY worldnet Annual Conference. We will schedule you to speak on the morning of November 2nd and we will pay your travel costs (airfare, lodging, transportation) to and from the conference. You can follow the link in the attached document to register and pay for the conference and training events online.

Please confirm that you will be able to attend and speak and we will immediately begin promoting GUTA as part of the Agenda in order to draw in interested participants from your region. Also advise if it will be just you, or if you and Rodney that will be participating. If it is both of you, will you want separate rooms or a shared room?

Let me know if you have any questions regarding this information.

Best Regards,

Geoffrey W. Isbell
Chief Operating Officer

ENERGY worldnet, Inc. Annual Conference

ENERGY worldnet invites you to attend our Annual Conference in Decatur, Texas, November 1-2, 2011. The conference will feature timely topics for the industry. Warren Miller, Operations Supervisor of the Pipeline Safety Central Region in Kansas City, Missouri, for the Pipeline and Hazardous Materials Safety Administration (PHMSA) as the keynote speaker.

Other topics of interest for the conference will be Control Room Management (CRM), Mutual Aid/Emergency Response, Online Performance Evaluations with Digital Signatures, Utilities, API 1161 and ASME B31Q Updates, Online Course Building, Shale Gas Energy, and Underwater Pipeline Issues. There will also be pre and post conference training events available at discounted prices with a conference registration. EWN will provide a Help Desk at the conference to answer any system questions.

A complimentary lunch with entertainment will be served on Tuesday, November 1. Plan to kick up your boots and attend our Tuesday night reception.

The conference will be held at the Decatur Civic Center, 2010 W. US 380, Decatur, TX 76234. The conference hotel is the newly opened Decatur Baymont Inn and Suites. For special conference pricing of \$70.00 (King or Double Queen), contact the hotel directly at 1-940-627-3338 and use the code EWN.

Payment for the conference can be credit card (secure Google checkout on the registration page), check, or payment at the door. These options are listed on the registration page.

Please click on the Registration button below to register for the conference now.

Conference Keynote Speaker Warren Miller, PHMSA

Warren Miller serves as an Operations Supervisor of the Pipeline Safety Central Region in Kansas City, Missouri for the Pipeline and Hazardous Materials Safety Administration (PHMSA) of the Department of Transportation (DOT). The Central Region covers the 12 Midwestern states of Michigan, Ohio, Indiana, Wisconsin, Illinois, Minnesota, Iowa, Missouri, Kansas, Nebraska, South Dakota, and North

Dakota.

Warren joined the PHMSA Office of Pipeline Safety in Denver in September 1991, as a Petroleum Engineer. He worked in the Denver office until December 1994 and remained in Kansas City for ten years, where he was promoted to Senior Engineer and Project Manager. In October, 2004, Warren moved to

Item # 1

Houston as a Project Manager and Operations Supervisor. In October 2009, Warren transferred to Kansas City as a Project Manager and is currently an Operations Supervisor. During his career with PHMSA, Warren has been involved with all types of inspections, including providing guidance in the development of the Operator Qualification protocols and inspection forms. He is also a Charter and current member of the ASME B31Q Standard Committee.

Prior to joining PHMSA, Warren worked in the drilling and exploration portion of the oilfield, where he provided consulting services to oil and gas companies that did not have the personnel to do the work. He worked on wells from Louisiana to Wyoming from 1981 through 1991. Warren grew up in the Oklahoma City area, and graduated from Oklahoma State University with a Petroleum Engineering Technology degree.
